

We believe in fair and transparent pricing. What follows is our typical scope of services and pricing for particular immigration services. Those fees can vary depending on the level of service required and the complexity of a particular matter.

Immigration and nationality applications are considered and decided by the Home Office. Processing and decision times can be found on the Home Office website for applications submitted [inside](#) and [outside](#) of the UK.

Applications for British Citizenship

What does the service include?

- Completing a comprehensive assessment and review of your individual circumstances; including immigration history, identified risks, dependents (if applicable), and potential alternative immigration options available.
- Providing full written advice on legal requirements, next steps and provisional timelines.
- Assisting with the end-to-end process of the application.
- Advising on English language and Life in the UK tests.
- Ensuring all requirements are satisfied before assisting with submitting the application, clearly stating the likelihood of approval, and advising on further evidence which can be submitted, where all of the requirements may not be met.
- Contact the Home Office to enquire on potential delays or questions they may have.
- Reviewing decision letters and visas to ensure they have been issued correctly and advising on the completion of the cases.
